To Whom It May Concern

The V&A contracted APT to manufacture and install showcases for the first major European museum to lend it's collection to Syria. *World Ceramics: Masterpieces of Ceramics from the Victoria and Albert Museum* took place at the Khan As'sad Pasha, Damascus, from 26 November 2008 to 8 January 2009. The showcases were of an exceptionally high standard of fabrication and great attention was paid to detail, which made the showcases easy to use, secure and elegant. The installation team from APT were extremely professional and dedicated; it was a pleasure to work with them.

We are happy to recommend APT Systems. Please do not hesitate to contact me should you need more information.

Yours sincerely
